Power of Creativity

Last Face-to-Face Meeting has been organised

On September 13, 2022, last face-to-face meeting of Power of Creativity project partners took place in Lithuania. The partners discussed the final proofreading of already created materials and debated about preparations for the upcoming Multiply event in individual countries.

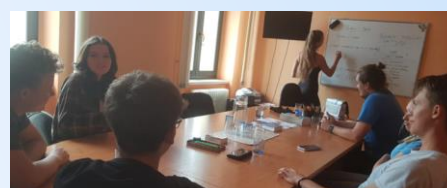

Project News

Methodology for youth trainers “Integral teaching of creativity and graphic design in non-formal education” and an **online learning course** for youth trainers are completed! Our educational materials and courses have been translated into Czech, Dutch, Greek and Lithuanian.

Multiplier Events

All partners organized a multiplier event in their country, where they presented the results of the project and addressed another part of people interested in educational modules or methodology.
