POWER OF CREATIVITY

From the 18th July to 22nd July, 2022 an Erasmus+ project POWER OF CREATIVITY creative workshop took place in Prague. International teams from four countries got together at the Hotel Michael surrounded by lovely nature.

Throughout the whole week all four international teams worked together in order to explore four hot topics and brainstormed some ideas. The topics included active citizenships, social inclusion, activities for young people and art and graphic design. In the international café the participants brainstormed many different ideas, from which 13 were picked. Then the youth voted for their favorite and four out these thirteen were chosen in a fair election.

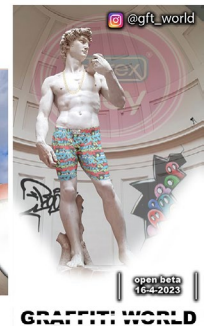

The mixed teams then started to work on these ideas for the next 3 months. And finally, in October partners got to see final versions of mixed teams projects:

- App AZ (to meet with people with similar interests)
- Graffiti World (App, game and gadgets)
- Blood Donation App "DROP"
- Youth Festivals
